Docket No. 00-6109

APPLICATION FOR A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

Worldwide Gateway, Inc. (hereinafter "Worldwide" or "Applicant") hereby submits its Application for a Certificate of Public Convenience and Necessity pursuant to the rules and regulations of the Illinois Commerce Commission and the State of Illinois. Applicant seeks approval of its Application from the Illinois Commerce Commission ("Commission") and seeks to provide resold long distance services in the State of Illinois. In support of its Application, Applicant respectfully states that:

Name and Address of Applicant

The legal name of Applicant is Worldwide Gateway, Inc. Its principal business office address and telephone number are as follows: 1202 E. Arapaho, Suite 120, Richardson, Texas 75081. The person to whom the Commission is requested to direct correspondence and communications regarding this matter is Benny Yllana, Chief Executive Officer. He may be reached by telephone at (972) 808-0700.

Corporate History and Registration

Worldwide Gateway, Inc. is incorporated in the State of Nevada and has a Certificate of Authority to do business as a foreign corporation in the State of Illinois. A copy of its Articles of Incorporation are attached hereto as Exhibit A. A copy of Applicant's Certificate of Authority to do business as a foreign corporation in the State of Illinois is attached hereto as Exhibit B. Applicant's agent for service in the State of Illinois is CT Corporation.

Officers, Directors and Shareholders

The names and addresses of Worldwide Gateway, Inc.'s officers, directors and principal shareholders are attached as Exhibit C.

Service to be offered by Applicant and Territory to be Served

Worldwide intends to resell all forms of intrastate long distance telecommunications services within the State of Illinois. Worldwide will terminate service throughout the entire State of Illinois. Worldwide intends to provide long distance telecommunications services twenty-four hours a day, seven days a week. Interstate telecommunications services (provided pursuant to current Federal Communications Commission regulations) are offered in conjunction with intrastate service.

Service is offered to residential and business customers. All services are available through resold transmission facilities procured by the Company from local exchange carriers and interexchange carriers. Payment of charges applicable to the provision of such services is the responsibility of the billed party.

Additional Information

In support of its Application, Worldwide provides the following information:

- 1) A copy of Worldwide's most recent financial statement is attached hereto as Exhibit D.
- 2) Upon approval of this application, Worldwide will file its tariff setting out the proposed services and charges offered within the State of Illinois.
- 3) Through this application and the exhibits attached, Worldwide demonstrates that it has the technical, managerial, and financial abilities and resources to provide interexchange telecommunications services within the State of Illinois.

Competition will be Enhanced by Applicant's Offerings

Applicant submits the following reasons in support of its belief that public convenience and necessity require Commission approval of its application:

- 1) Applicant's proposed telecommunications services are designed to meet the long distance telephone needs of customers who do not realize the same level of cost savings in telecommunications services that are available to larger users.
- 2) Commission approval of the application and the resulting increased competition within the Illinois intrastate communications market will bring the following long-term benefits to its customers.

Expedited Consideration

Worldwide **Gateway**, Inc. will be prepared to offer resale service in the very near future and ~~is~~ desirous of being licensed to do ~~so~~ at the earliest possible date. Therefore, it is requested that this Application be given expeditious treatment.

In view of foregoing, Worldwide **Gateway**, Inc. **respectfully** requests that the Commission grant this Application inasmuch as its offering of telecommunications services will enhance competition in the area to be served and will be otherwise in the public interest.

Respectfully submitted,

Worldwide Gateway, Inc.

Addendum to WorldWide Gateway, Inc.
Business Plan

1. Management Team

The founders of WWG are entrepreneurs with over 100 years of combined telecom experience, both locally and abroad.

Benedicto M. Yllana, CEO

Benny has over 30 years of experience in the industry 10 of which were with the largest telecom company in the Philippines, the Philippine Long Distance Telephone Company (PLDT). He was Director of Toll Systems Planning at PLDT and was responsible for the establishment and expansion of PLDT's domestic and international long distance network. After serving in the planning division for 5 years, he was promoted to Assistant Vice President of the Long Lines Division at PLDT responsible for the operation and maintenance of the whole domestic and international long distance network services. In 1980, he moved to the United States and assumed the position of Vice President of Engineering of what is now US Sprint's network today, as a result in the merger of the two biggest networks at in the U.S. at that time namely, US Telecom, Inc. and GTE Sprint. He worked for Sprint for 5 years overseeing the planning, engineering and implementation of various tandem switching networks in the U.S.. After leaving US Sprint, he went to another company and headed a group that started up 3 long distance companies and an R&D company in Richardson, Texas. Benny's experience is not limited to the technical field but also has wide experience in various fields such as telecom sales, marketing support, finance and regulatory. He has a degree in Electrical Engineering.

Jesse G. Ancheta, President/COO

Jesse has over 30 years of experience in the telecom industry. He went to work for PLDT in 1971 starting as an apprentice engineer and rose to the rank of Senior Manager of Transmission and Protection Engineering. He was responsible for the engineering and implementation of the company's transmission network used for both the local exchange and domestic long distance services. He was also responsible for the planning and engineering of PLDT's fourth phase expansion program using various equipment such as Siemens switching and transmission equipment, LME Ericsson toll switching equipment, NEC and Fujitsu transmission equipment. After serving in the engineering division for 10 years, he was promoted to Head of the Research and Development group at

PLDT in charge of introducing, evaluating, testing and implementing new technologies within PLDT's network. He moved to the U.S. in 1984 and joined US Sprint. He was responsible for the planning, engineering and implementation of various tandem switching networks in the U.S.. In 1990, he went to work for Ericsson Radio System, Inc. and was extensively involved in the change-out of other vendor wireless systems in New York, Los Angeles, and DFW. He was also involved heavily in the planning, engineering and integration testing of new wireless systems in Seattle, Portland, Madison, Florida and Chicago. After working for Ericsson for 5 years, he was hired by the former **MetroCellular** Group which is now AT&T Wireless in the SW Region to head the Network Development Group. He spent his last 4 years with ATTWS before joining WWG. Jesse holds a bachelor degree in Electronics and a bachelor degree in Electronics and Communications Engineering.

Virgilio M. Yllana, CFO

Jing Yllana has a B.S. degree in Accounting. After getting his CPA he worked as an auditor for the top accounting firm in the Philippines responsible for some of the firm's prestigious clients. He later transferred to a national bank as Manager of the Internal Audit department where he rose to the position of Vice President and Head of the Branches Department. In the latter position he was responsible for the development and establishment of the various bank branches. He moved to the U.S. in 1981 and joined the Auditing Division of Republic Bank in Dallas and remained there until 1997. He later joined the incorporating group of WorldTouch Communications as Manager of the Accounting department. In this position he was fully responsible for all the aspects of telecommunications accounting and bookkeeping including the preparation of the financial reports, supervision of accounts receivable, accounts payable and tax preparation. He joined WWG as Chief Finance Officer in 1998.

Henry Jordan, Vice President, Sales and Marketing

Henry joined TGT on September 1998. Before joining TGT/ WWG, he held various Sales and Marketing positions with some of the top 20 long distance carriers in the U.S. such as Sprint, US Long Distance and TWT. He is responsible for bringing in the wholesale accounts of some of the largest telecom resellers like Pacific Gateway Exchange, Justice Technology, PrimeTec, and New Global Telecom. Henry holds a business degree.
